

SCDOT CONCRETE TECHNICIAN CERTIFICATION **EXPERIENCE FORM**

In order to be certified by the SCDOT as a Concrete Technician, an individual needs to have a minimum level of familiarity and experience with the related test procedures, forms, specifications, and general operations. The signature on this form attests that the individual has demonstrated to a certified Concrete Technician (hereafter referred to as the "Rater") his/her experience in the areas indicated. Applicants who are currently certified may complete Option 1 of this form and sign as indicated at the bottom. This information will be verified before the application is accepted. This form must be submitted at least one (1) month prior to the class. Applicants without the appropriate completed experience form submitted by the deadline will have their class space forfeited. This form must accompany the course registration form. Class deadlines and registration form can be found on the USC web site SCDOT certification.

Applicant Name (print)

Employer

Expiration Date:

Option 1 - For applicants who are currently certified. Complete the information below then sign at the bottom of the page. Applicants previously certified must furnish their certification number. No applications will be accepted without a certification number.
