Plan/Accounting of how these funds will be spent:

Description	Earmark Budget	Additional Budget (If applicable)	TOTAL Project Budget	Explanation
Construction	\$450,000.00	\$150,000.00	\$600,000.00	
Contingency		\$30,000.00	\$30,000.00	
Engineering Design		\$45,000.00	\$45,000.00	
Grand Total	\$450,000.00	\$225,000.00	\$675,000.00	

Please explain how these funds will be used to provide a public benefit:

The purposed lighting will assist in creating an inviting and welcoming environment to travelers thereby increasing the opportunity for positive economic impact in the area. Chester County adopted a Master Plan for the Gateway District on September 18, 2017 and the proposed project implements the plan by "Advancing Infrastructure" and "Creating Destination" through enhanced safety, roadway lighting, and transportation enhancements.

Please provide the scope of services for the project.

The proposed project is to install high mast lighting along I-77 northbound and southbound ramps at Exit 65. The proposed lighting would extend from the top of the ramps at Highway 9 and terminating at the end of the ramps on I-77. With the impending developments, both residential and commercial in the Gateway District, there is a need to increase the safety for not only the current area traffic but for future area growth. The lighting project will enhance transportation safety by increasing visibility. According to the U. S. Federal Highway Administration, between 2010-2020 three fatalities occurred along I-77 and Highway 9 at the end of Exit 65 (report attached)

Please provide a timeline / schedule for completion of the project.

Proposed - Preliminary work to begin October 2023, Construction to begin December 2023 and a completion date of April 2024
