

ATTACHMENT 5.24

Appendix/Attachment Title

Closed Bridge Re-opening Form

Appendix/Attachment Revision and Year:

December 2024, V1

Appendix/Attachment Introduction and Discussion

The process of opening a closed bridge requires the verification/approval of:

- SCDOT BMO Bridge Inspection Program Manager (BIPM)
- DBE (or district maintenance staff)
- BITL (SCDOT or consultant)

This process involves multiple approvals. The attached form should be used to document this process to confirm actions have been completed before a bridge is reopened.

The BITL is responsible for securing the necessary signatures and placing the completed form into the appropriate Bridge File.

Appendix/Attachment Description

A BITL shall update NBI Item 41 after this form is complete. District maintenance should open the bridge after this form is complete. NBI Item 41 should NOT be changed until this form is complete and placed in the Bridge File. All questions (marked with *) on the form require answers and the BITL may input custom text if predetermined answers are not satisfactory to provide a response.
