

# Bridge Signing/Posting Form

## SECTION 1: GENERAL BRIDGE DATA

(8) Asset ID	(2) District	(3) County	(7) Facility Carried	(8) Feature Crossed
Bridge ID	(29) ADT	(109) Truck ADT %	(19) Bypass Detour Length	Reasonable Access (<1 mile from an interstate)
				<b>YES</b> <b>NO</b>

## SECTION 2: SIGN INFORMATION

Posting tonnages on this form are based on the Asset ID's load rating.

Posting tonnages on this form are controlled by another Asset ID's load rating, as determined by the DME  
(Only for routes with multiple bridges that need posting with no detours, to maintain a consistent posting.)

The controlling posting tonnages are from:

Asset ID      Located      mi

Please check required sign(s) and note load limits in their boxes. Each load limit should be the lesser of the restricted load or federal maximum/truck weight for interstate bridges or state maximum/truck weight for non interstate bridges.

**R-12-6-48**
