

**Project Specific Public Involvement Plan**

A project specific public involvement plan is developed by the Project Lead after the initial project team meeting that includes representatives from the Environmental Services Office and the Office of Public Engagement.

The public involvement plan should be created, approved and provided to the Office of Public Engagement at least 60 days in advance of any public involvement activities.

***To be completed by the Project Lead***

**Name :** \_\_\_\_\_

**Contact Information:** \_\_\_\_\_

**Project Name:** *(Example- SC 9 at Parris Bridge Road & SC 9 at Sloan Garden Extension.)*

Blank grey rectangular area for project name details.
